

Team 29: Course Warriors

Project: RateMyCourse

- Vision: To give the students of CU an honest overview of the courses offered at CU, empowering each and every student to make the most of their college careers by taking the courses that are right for them.
- Idea: Team Course Warriors seeks to build an application called RateMyCourse. This application will be created to help students choose courses at the University of Colorado at Boulder. By utilizing the information, a student should feel more prepared to enroll in or drop out of courses as well as have a better understanding of course offerings
- Members and Task:
 - Sara Park – Web Development, SQL Database
 - Igor Banaszuk – Web Development
 - Rohith Chintalapally – Web Development
 - Jackson Mediavilla – SQL Database
 - Alec Martin – SQL Database
 - Zhixing Chang – SQL Database
